Building Change will host a mix of skill-building workshops, panel discussions, community dialogues on key issues, speakers, actions, art, roundtable talks, networking, entertainment, a film festival, and more.

The key issues that *Building Change* will cover in its sessions are Disability Rights; Economic Justice; Environmental Justice; LGBTQ Rights; Peace/Human Rights; Racial Justice; and Women, Youth, & Families.

To ensure that the Convergence is open to all, the event planners are keeping admission rates low and the event will be fully accessible for people with disabilities, and as carbon-neutral as possible.
